

Fazer Finland Oy, Headquarters Vantaa

Northern Magic. Made Real.

Fazer is an international family-owned company offering quality bakery, confectionery, biscuit and grain products, plant-based meals, non-dairy products, on-the-go food & drinks as well as food and café services. The Group operates in nine countries and exports to around 40 countries, more than 15,000 employees and a net sale of 1.6 billion euros.

Customer: Fazer Finland Oy, Lahti, New Xylitol Factory

Background information: Fazer Finland Oy builds new Xylitol Factory to Lahti at 2019-2020. Lahti is located at inner land and only 1 h drive from finish capital Helsinki.

Supportive supplier within the SKion group: Envirochemie GmbH

Application and Solution: Processing Finland supplies Ion Exchange SS Vessels that is needed for Xylitol manufacturing. Processes includes softening plus cationic and anionic ion exchange. Vessel diameters are from 1200 mm to 1400 mm and heights from 1890 mm to 3200 mm. Total amount of vessels is 9 pcs and vessels are built on three different SS skids following the customers process schema. Skids are including needed instrumentation with I/O boards for process control.

Note: Customer is responsible on the process itself, our supply is mechanical delivery and made according to their plans.
